

Dear Frederick,

June 7, 2016

It is a great pleasure to receive your letter! My wife, Jill, and I are very happy to be of this small help to you as you pursue your education. You are doing the hard work and we are very pleased to be a part of it!

My two daughters are both busy studying at their universities far from home, so we miss them very much! One is in Colorado, about 2000 kilometers away, and the other daughter is in Belfast, Northern Ireland, over 8000 kilometers away (half way around the world - almost!).

We all wish you the very best - keep up the good work in school! - David
