JOHNSON CITY TN 37604

Dear officials

RE: APPRECIATION FOR THE DONATION:

The above heading is very important. On behalf of Tanzania children Concern and the community of Moshi, I want to take this opportunity to thank Develop Africa Incorporation for the donation of school supplies and text books. We received hundreds of pens, pencils, calculators, erasers, plain papers, story books, nursery and primary English text books which will raise the standard of English in our school. We got two containers (drums) full of books and a box of supplies. It is hard to mention the titles of each text books but most of them appear in the DVD that we are mailing to D.A. through the above address.

We thank you and all the donors who gave us these precious treasures. We look forward to hearing from you again.

James Nathaniel - TCC Director
