

Education Department Student Recognition Sunday

Goal: To reach out to our students by extending our love and care for them and their educational pursuits in more practical ways.

We focused on the theme:
Pursuing Wisdom and Excellence
for a Brighter Tomorrow (Proverbs 4:18)

To achieve our goal we raised funds and resources, the bulk of which was from your generous giving. 150 children and youth benefitted from those resources and we awarded scholarship to 8 students to help them with tuition and uniforms.

We cease this opportunity to say thank you for impacting our children. Your gracious giving sends the message to them that you care so much for humanity. We deeply appreciate you. ~~with love~~
